

United Way of
Paducah-McCracken County

A little goes a long
way when we...

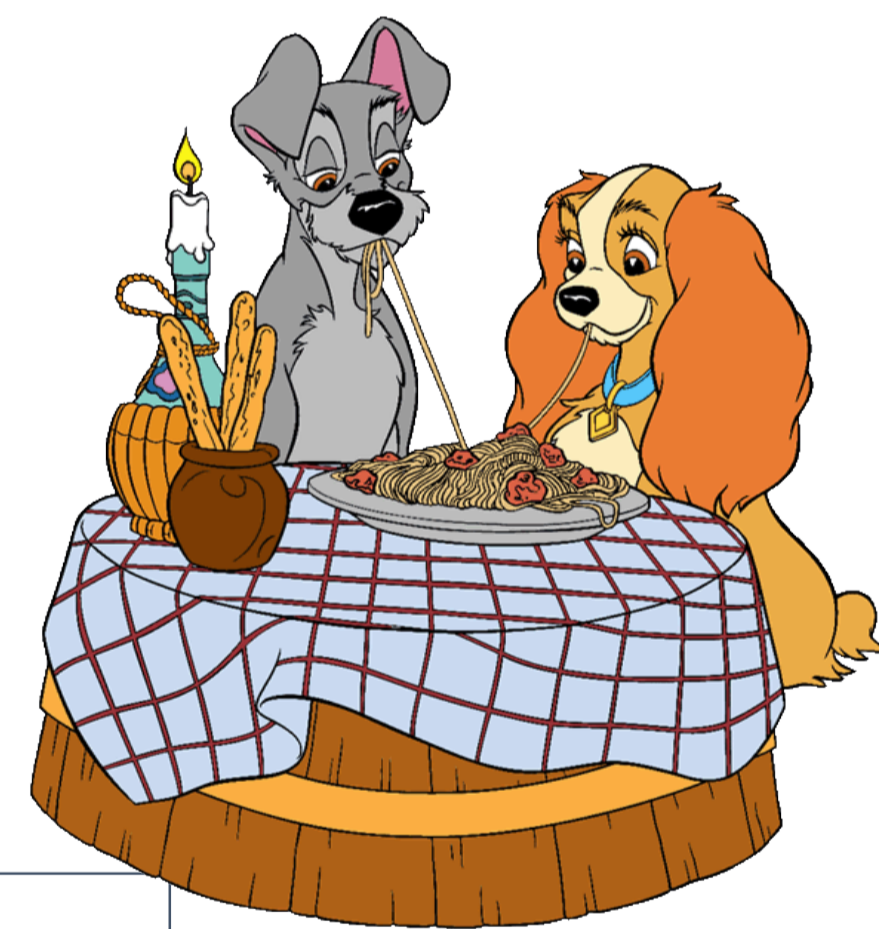

For the price of chips and a soda purchased from a vending machine, you could help a United Way partner agency in providing:

- A. Two small toiletry items to a homeless shelter
- B. A child with a 3-star quality daycare for a day
- C. A student with one school lunch
- D. Transportation for an elderly person to a medical appointment along with necessary everyday tasks

For the cost of dinner for two, a United Way partner agency could:

- A. Provide a child with a winter coat
- B. Furnish a family with two bags of groceries
- C. Provide a household with two days of energy assistance
- D. Provide education for pre-teens and teens about safe relationships and real-world problems for their age

For the price of one tank of gas, a United Way partner agency could help:

- A. Provide mental health services to children who have been abused
- B. Provide social services to lower income families
- C. Provide groceries to clients who are in need
- D. All the above
